7.1.9] Various Activities for Sensitization of Students and Employees inculcating values, rights, duties for being responsible citizens

PVPCoA is committed to instilling a profound understanding of constitutional values among its students and employees, emphasizing their rights, duties, and responsibilities as responsible citizens. The college undertakes various initiatives to foster civic responsibility and social awareness.

The '**EXIT Exhibition**' serves as a meaningful platform where graduating students engage with professionals to explore career prospects while discussing the '**Values and Ethics of the Profession**'. This aligns their aspirations with constitutional principles and professional integrity.

Through the National Service Scheme (NSS), impactful activities like **Blood Donation** and **Tree Plantation** drives are organized, promoting societal welfare, environmental sustainability, and social accountability.

Dedicated credit and audit courses on the '**Introduction to Constitution**' [ITC] and '**Democracy, Elections & Governance**' [DEG] at both undergraduate and postgraduate levels provide students with a comprehensive understanding of their fundamental rights and duties.

Elective courses in M.Arch. Urban Design (UD) focus on topics like **School Child Road Safety**, while visits to **SWaCH's waste recycling** trail for 4th-year students raise awareness about sustainable urban development and responsible city design.

Together, these initiatives nurture a culture of civic engagement and empower individuals to contribute meaningfully to society, fostering values that are essential for responsible citizenship.
